

7 Seals, 7 Trumpets, and 7 Bowls of Wrath

	<p>White Horse / Land (or Earth) = Anti-Christian leaders, groups, and movements, bent on conquest.</p>	<p>4 = EARTHLY PERSPECTIVE</p>
	<p>Red Horse / Sea = Government institutions, bent on war, able to take peace from this world.</p>	
	<p>Black Horse / Rivers = the general population, mass amounts of people involved, class separation and persecution from society / culture. Rivers run through the land to the sea so they are connected to the influence of Anti-Christian movements and government power.</p>	
	<p>Pale Horse / Death, Cosmos involved, Sun turned black. Most intense level of oppositional aggression as well as heightened involvement from God.</p>	
	<p>The heavenly assessment of what's going on here on earth. Puts the first 4 into perspective. Evil is present and active, however God still is in charge and the aggressive powers of evil are limited.</p>	<p>3 = HEAVENLY PERSPECTIVE</p>
	<p>Increased conflict, but God is still in charge. We only "see" the physical, but we are involved in a spiritual war.</p>	
	<p>Curtains - the end - God's patience for repentance will come to an end, the enemies will be defeated and God will be victorious.</p>
